Dear Member,

As we approach the end of the year, it's time to review and update your dependents for the upcoming year. Open Enrollment for 2026 is now officially open, running from October 20, 2025 through November 22, 2025.

What's Continuing This Year:

We will continue the following enhancements to our benefit offerings in 2026, including:

- **Lower Deductibles:** Lower deductibles were introduced January 1, 2025 for all our Plan Levels, making it more affordable for you to access the care you need.
- **Hinge Health:** We're thrilled to offer access to Hinge Health, a leading digital clinic for joint and muscle care. Hinge Health provides personalized exercise therapy programs to help manage and prevent musculoskeletal conditions like back, knee, and hip pain.
- **Improved Mail Order Refill Policy:** Effective January 1, 2025, **mail order refills** are now allowed at **50% utilization instead of 70%**, making it easier for you to manage your prescriptions and ensure you have the medications you need when you need them.

What's Continuing in 2026

Lower Deductibles

Lower deductibles were introduced January 1, 2025 for all our Plan Levels, making it more affordable for you to access the care you need. Effective January 1, 2026, all Plan deductibles will remain the same as last year.

2025 Deductible		2026 Deductible

\$750	\$2,250	\$750	\$2,250

Refill Your Mail Order Prescriptions Sooner

In 2025, we announced a change to mail order refills. Refills are allowed at 50% utilization instead of 70%, making it easier for you to manage your prescriptions and ensure you have the medications you need when you need them.

This Plan change will allow you to order refills sooner – and give mail services more time to deliver them to your door before your medications run out. Save time and money by taking advantage of this benefit.

You do not need to be a Costco member to use the Costco Mail Order Pharmacy.
